

Woodlore Camp Craft Course

Preparing for your course.

Your path to discovery...

The Landscape

This course is conducted from an expedition style camp set amongst the beautiful English woodland of a private, organic farm in East Sussex.

With three species of deer, foxes, badgers, hares, a variety of bird life and no public rights of way, it is very secluded and your time spent here is guaranteed to be an experience in itself.

Arriving at the Course Site

From the meeting point in Etchingham we will drive in convoy to the farm where you will be able to park your vehicle. Here you can transfer your equipment to our vehicle for transport to the camping area. The walk to the camping area is about 500 metres and here you will have space to set up your personal camp. This beautiful area is made up mainly of broadleaf deciduous trees with plenty of flat, level areas for you to set up your tent and more than enough trees to string a tarp or hammock between.

A thorough tour of the camp will be given to help you familiarize yourself with the area and hygiene facilities and measures will be discussed.

The Heart of the Camp

As well as your own camping set-up, there will be a communal area which will be used for lectures and coffee breaks. Here you will find a circle of logs for seating around the communal camp fire and of course, the kettle and a well-stocked brew box.

Food and Drink

This course is self-catering so you will need to bring enough food for the duration of the course and a stove to cook on. If you prefer, you may light a small fire to cook over but it is very important that you ensure it does not spread and that you practice a 'leave no trace' mindset.

Being outdoors without refrigeration in potentially warm weather it is a good idea to bring fresh food to use at the beginning of the course before moving on to dehydrated rations or 'long-life' products. A good quality cool box with plenty of ice will allow you to keep fresh food for longer. Please see the Woodlore self-catering food suggestions for some convenient camp cooking ideas.

Jerry cans are used for fresh drinking water in the camp and these can be refilled from our bowser or stand-pipe on site.

For refreshments, the communal brew box is well stocked with tea, coffee, milk, sugar, hot chocolate, fruit squash and biscuits.

Washing up bowls are provided along with sponges and washing up liquid.

Latrine and Hygiene Facilities

A 'toilet kit' consisting of toilet roll, a lighter (to burn paper) and sanitising hand gel is provided in a container for use at the latrine trench which is away from the main camp area. This is simple, tried and tested, hygienic and convenient. Andy Handy water dispensers and soap are provided for hand washing in the main camp area. Best hygiene practices will be discussed to protect everyone's health.

An expedition camp shower is provided in an area away from the main camp and screened with tarps; water can be heated over the fire. You may find it useful to bring some waterproof flip flops or similar to avoid getting your feet dirty while showering.

First Aid and Safety

This is an expedition style camp so please take extra care when using sharp tools and take responsibility for any small cuts yourself. However, if you need medical attention or start to feel unwell during the course, please let the course leader or a member of the team know at the earliest opportunity. We have well stocked first aid kits, fire extinguishers and fire blankets on site for your safety.

Wear your whistle! A valuable tool should you become lost and an item of equipment that you should have on you at all times during your stay with Woodlore. Ideally worn on a lanyard around your neck so it is right where you need it and can't be accidentally left behind.

Phones and Photos

If you wish to use a mobile phone during the course, please consider the other members of the group and switch it to silent mode. If you would like to take photos on your course, again, please be considerate of other participants and don't forget to share them with us!

Equipment Provided for You.

The following items will be provided by Woodlore for you to use for the duration of the course:

Tarp

A waterproof sheet that provides a very simple but versatile way to form a shelter from the elements. You will use a single person tarp and a large poly tarpaulin and be taught how to set these up.

These next items are issued to you as part of the course. You will be trained in how to use them and they are yours to take home at the end of the course:

Axe

The axe will be a [Small Forest Axe](#) made by Gransfors of Sweden – a versatile tool and a pleasure to use.

Knife

The knife will be a [Morakniv Companion Heavy Duty MG Knife](#) which is a robust tool and ideal for use on the course and beyond.

Saw Blade

You will be issued with a [Bahco 23-24 Raker Tooth Hard Point Bowsaw Blade – 24inch](#) and as part of the course will make a frame for it from natural materials before using it to cut timber.

Spoon knife

You will also be given an [S.Djarv Hantverk Spoon Knife-Big](#) which is a wood carving tool used to carve out depressions in wood such as the bowl of a spoon.

Students that are under the age of 18 will not be able to take any cutting tool away from the course unless there is an adult who can receive it on their behalf at the conclusion of the course.

CLOTHING AND EQUIPMENT CHECKLIST

This clothing and equipment list is designed to help you decide which items to bring and to ensure that you have the best experience possible. Having the right kit will make your experience more enjoyable and enable you to focus more on learning.

This list includes options stocked by Woodlore which have been tried and tested by Ray Mears and the Woodlore Team. There is of course no obligation to buy from us and we will be delighted to offer you advice and guidance to ensure your preparation goes smoothly. With this in mind, please do not hesitate to get in touch with us, even for the slightest query.

All items listed in red are essential for this course. All other items are recommendations.

CLOTHING	SUITABLE OPTION STOCKED BY WOODLORE:	✓
BASE LAYER What you wear next to the skin is of course dependent on the weather. In mid-summer you may only need a t-shirt, but if you are attending a course in spring or autumn it would be wise to bring something more substantial such as a woollen thermal layer to cater for a cold spell.	<ul style="list-style-type: none"> • Swazi Micro Shirt • Woodlore Organic Cotton T-Shirt • Woolpower Crewneck LITE with long sleeves • Woolpower Ullfrotte Original Zip Turtleneck 200g 	
MID LAYER This should be sturdy, warm and comfortable. A pullover will suffice.	<ul style="list-style-type: none"> • 5.11 Taclite Pro Long Sleeve Shirt • Fjallraven Singi Trekking Shirt • Paramo Bentu Fleece Jacket • Swannndri Ranger Wool Bushshirt • Swazi The Hood 	
OUTER LAYER This should be waterproof and windproof. Mute, natural colours will increase your chances of observing wildlife closely.	<ul style="list-style-type: none"> • Buffalo Systems Mountain Shirt • Keela Tactical Mk5.0 Jacket • Fjallraven Vardag Hydratic Anorak • Swazi Tahr XP Anorak 	
TROUSERS Lightweight, quick drying cotton trousers are best. Jeans are not suitable, being cold, restrictive and slow-drying.	<ul style="list-style-type: none"> • Fjallraven Barents Pro Shorts • Fjallraven Vidda Pro Trousers - Improved Fit 	
FOOTWEAR Footwear should be sturdy, offer ankle support and have good grip. Ideally lightweight boots for dry conditions and a pair of waterproof boots in case the weather is wet. Waterproof, breathable socks can be particularly useful.	<ul style="list-style-type: none"> • Hanwag Tatra Top GTX Boots • Hanwag Banks GTX Boots • SealSkinz Socks • Thorlos Socks 	
WOOLLEN HAT An essential defense against the damp and cold if the temperature suddenly drops which can happen at any time of year. A woollen hat can make all the difference to your comfort when sleeping outside or standing still for a while.	<ul style="list-style-type: none"> • Fjallraven Ovik Flat Cap • Possum Fur and Merino Wool Beanie Hat • Swannndri Swanni Wool Baseball Cap 	
SUN HAT	<ul style="list-style-type: none"> • Tilley T3 Cotton Duck Hat 	
WORK GLOVES A pair of gardening or rigger style gloves may prove useful, especially if you are not used to working with your hands. These want to be breathable and offer good grip and dexterity; leather or suede construction is ideal.	<ul style="list-style-type: none"> • Hestra Skullman 5 Finger Glove 	
SHELTER AND SLEEPING		
LIGHTWEIGHT TENT OR SIMILAR SHELTER Please be mindful of the time of year when deciding what tent or shelter to bring with you as your home for your time on the course.	<ul style="list-style-type: none"> • Fjallraven Abisko Tarp • Fjallraven Tent • Hilleberg Tarp XP 10 • Hilleberg Tent • MSR Tent • Ray Mears Tracker Tarp 	

WARM SLEEPING BAG Please ensure you bring an adequate sleeping bag. Go for one that is rated to be warmer than you think you need, you can use it like a duvet if it is too hot.	<ul style="list-style-type: none"> • Ray Mears 3-Season Down Sleeping Bag – Black Bear • Ray Mears 3-Season Sleeping Bag - Osprey • Ray Mears 4-Season Down Sleeping Bag – Grizzly Bear • Ray Mears 4-Season Sleeping Bag – Golden Eagle 	
GORE-TEX / BREATHABLE BIVVI BAG This will ensure that your sleeping bag remains dry when sleeping in the shelter you are going to build! Please make sure that it is made from a breathable Gore-Tex or similar material. Cost effective options are available from army surplus stores.	<ul style="list-style-type: none"> • Snugpak Special Forces Bivvi Bag • Snugpak Special Forces Bivvi Bag (Extra Long) 	
INSULATING SLEEPING MAT The warmest sleeping bag still needs an insulative mat underneath it to prevent warmth being drawn away by the ground.	<ul style="list-style-type: none"> • Multimat Superlite 25 Sleeping Mat • Therm-A-Rest Mattress 	
FOOD AND WATER		
STOVE, FUEL & COOKING EQUIPMENT Please ensure you bring enough fuel for the duration of the course. You may light a small cooking fire if you are confident in your ability to manage it and tidy up thoroughly at the end of the course. Bear in mind that in poor weather it can take longer if relying on a fire so it may be a good idea to bring a stove as a backup.	<ul style="list-style-type: none"> • Trangia 25-7 UL/HA Stove Set • Ray Mears Folding Griddle • Eagle Products Lavvu Set • Zebra Stainless Steel Billy Can 	
MUG & EATING UTENSILS Please bring utensils for eating your meals and a mug for drinks. A good set up is to have a NATO crusader cup, which can be used for meals as well as drinks, and a utensil such as a spoon or spork. This is perfectly adequate and keeps things simple, but feel free to apply your own system.	<ul style="list-style-type: none"> • BCB NATO Crusader Cup • Optimus Titanium Folding Spork 	
FOOD We will be static in one camp for the duration of this course so weight and bulk of food is not really a concern. Bear in mind when choosing what food to bring, that the weather could be very warm and there is no refrigeration available on our course site. Some people choose to bring a coolbox for storing their food, which works very well and also helps to keep your food protected from wildlife.	<ul style="list-style-type: none"> • Expedition Foods - Couscous with Cajun Spices and Vegetables (High Energy Serving) • Expedition Foods - Macaroni and Cheese (High Energy Serving) 	
WATER BOTTLE (1 litre) x1	<ul style="list-style-type: none"> • Osprey NATO Water Bottle 	
HYGIENE AND PERSONAL CARE		
SMALL FIRST AID KIT AND PERSONAL MEDICATION Our staff will have swift access to first aid equipment at all times, but you will need to bring a small first aid kit including plasters and any personal medication, including headache tablets, reading glasses/contact lenses, inhalers etc.	<ul style="list-style-type: none"> • O'Tom Tick Twister • Uncle Bill's Sliver Gripper Tweezers 	
WASH KIT & TOWEL We provide hand washing facilities including Andy Handys and hand soap. Please bring your own towel with you and your own washing bowl if you wish.	<ul style="list-style-type: none"> • Grandpa's Pine Tar Body Wash • Grandpa's Wonder Epsom Salt Soap • Grandpa's Wonder Pine Tar Soap • Nikwax Travel Towel – Trek Size 	
ALCOHOL HAND GEL Although we will provide hand washing facilities, it is useful to bring your own alcohol hand gel for situations where you are away from hand washing areas.		
GOOD INSECT REPELLENT	<ul style="list-style-type: none"> • Pyramid Trek Repellent • Wilma's Nordic Summer 	
SUN PROTECTION Sun screen.		

OTHER ITEMS		
WATCH You will be asked to meet at certain times for lectures or meals and we cannot wait for anyone who is not on time.		
WHISTLE A valuable tool should you become lost and an item of equipment that you should have on you at all times during your stay with Woodlore.	<ul style="list-style-type: none"> • Fox 40 Micro Whistle 	
HEAD TORCH WITH FRESH BATTERIES & 2 SPARE SETS This is a very important but often forgotten piece of equipment. Under the cover of the trees, it can get surprisingly dark and therefore it can not only be inconvenient to move around without light, but dangerous too. A head torch is most convenient as it leaves your hands free for other jobs.	<ul style="list-style-type: none"> • Petzl ARIA 2 RGB Headtorch 	
FOLDING SAW A good quality folding saw is an invaluable piece of equipment and will get a lot of use during the course. Ensure that the blade is still sharp if it is not new.	<ul style="list-style-type: none"> • Bahco Laplander Folding Saw • Ray Mears Leather Bahco Laplander Saw Sheath 	
RUCKSACK/HOLDALL This item is simply to contain all of your equipment when travelling to and from the course as well as during the course. It serves no purpose apart from this and can stay in your sleeping area.	<ul style="list-style-type: none"> • Karrimor SF Sabre 45 litre Rucksack • Karrimor SF Sabre Side Pockets • Ray Mears Leaf Cutter Rucksack • Savotta Keikka 50L • Scottish Mountain Gear Holdall 	
WATERPROOF NOTEBOOK AND PENCIL There will be a lot of information to take away from the course and you may also like to record your experiences for future use. It can also be helpful to draw on paper what you plan to carve before you start carving.	<ul style="list-style-type: none"> • Chartwell Watershed Waterproof Notebook • Rite in the Rain Waterproof Notebook 146 	
CAMERA There may well be opportunities to photograph wildlife as well as your own activities during the course.		
KNEE PADS If your trousers have a pocket for kneepads then these will be an additional benefit on this course.	<ul style="list-style-type: none"> • Fjallraven Knee Pads
